Profile

As a final-year B.Tech student with a passion for web development, I am actively seeking a challenging position in the field where I can leverage my skills, project experience, and internship background to contribute effectively. I bring a strong foundation in web technologies, coupled with a proven ability to deliver high-quality solutions. With a keen interest in staying abreast of industry trends and a commitment to continuous learning, I am poised to make a meaningful impact in a dynamic web development role.

Education

Btech, *Arya Institute of Enineering , technology and management*
June 2020 – June 2024 | Jaipur
CGPA - 8.0

Class 12, *Kids Club School*
March 2019 – March 2020 | Jaipur
Percentage - 71%

Certificates

- React JS Certificate by Udemy (instructor- Maximilian Schwarzmuller)
- Node JS Certificate by Udemy (instructor- Maximilian Schwarzmuller)

Professional Experience

Web Development Intern, *Tensax Innovation Lab*
July 2023 – October 2023 | Jaipur, India

- Created a comprehensive multi-user online file storage application utilizing Firebase for robust authentication, authorization, and cloud storage functionalities.
- Developed a CRUD web application employing Svelte and SvelteKit for the front-end, seamlessly integrated with Firebase as the backend. Incorporated authentication, real-time database, and cloud functions to efficiently manage user data and requests.
- Contributed to the development of both frontend and backend components for Sri Aurobindo's Website, ensuring a cohesive and optimized web presence.

Skills

- | | |
|---------------------|------------|
| • C/C++ | HTML5/CSS3 |
| • Javascript | React JS |
| • Firebase | Python |
| • Svelte/ SvelteKit | |

Projects

Amazon Clone, *Ecommerce Website*

- Independently designed and developed a full-stack e-commerce website replicating key Amazon features using React,
- Implemented user authentication and authorization using Firebase

Online File Manager, *Storage app*

- Created a multi-user file management application using Svelte/SvelteKit and Firebase.
- Implemented authentication for over 500 users on the online Storage application
- Users can upload files to customized folders, generate download links and provide edit access to users on shared files

Lavya Block Prints, *Ecommerce Website*

- Developed the user interface using React.js, ensuring a responsive and seamless user experience.
